
Seminar announcement

Prof. Dr. Gerhard Winter

Chair of Pharmaceutical Technology and Biopharmaceutics - Therapeutic
Protein and Peptide Formulation and Delivery
Department Pharmazie, Ludwig-Maximilians-Universität München

Will provide a seminar titled

**Stability prediction of protein formulation by fast physical unfolding
assays. (Hours in the lab shall predict years of stability)**

14 May 2019, at 3 pm

Department of Pharmaceutical and Pharmacological Sciences
via F. Marzolo 5, Room 2

Your participation to the seminar is appreciated

For more information: Prof. Stefano Salmaso – Dept. of Pharmaceutical and Pharmacological
Sciences

tel. 049-8271602, e-mail stefano.salmaso@unipd.it

Lecture announcement

Prof. Dr. Gerhard Winter

Chair of Pharmaceutical Technology and Biopharmaceutics - Therapeutic
Protein and Peptide Formulation and Delivery
Department Pharmazie, Ludwig-Maximilians-Universität München

will provide a lecture titled

**Evolution of primary packaging for injectables (from ampuls to
pens to plastics to needle free delivery)**

16 May 2019, at 3 pm

Department of Pharmaceutical and Pharmacological Sciences
via F. Marzolo 5, Room 7

The lecture is mostly dedicated to Master students, PhD students, post-doc, young scientists. The lecture will be about 1 hour and 30 minutes.

Your participation to the lecture is appreciated.
